

CELEBRATING 70 YEARS OF PASSION.

A story of records and unimaginable innovation. A story of finish-lines crossed and memorable performances. From 1949 to today, Abarth has evolved but never changed. It remains synonymous with grit, incredible driving pleasure and sportiveness. A brand that continues to accept new challenges, creating one of a kind cars and delivering strong emotions, to whomever is behind the wheel. To celebrate these glorious 70 years, the new Abarth vehicles will display a distinctive mark, a celebratory badge that tells a story of passion.

The specification (B) indicates the value of CO₂ and fuel consumption determined on the basis of the measurement / correlation method referring to the NEDC cycle as per Regulation (EU) 2017/1152-1153.

The CO₂ and fuel consumption values obtained according to applicable regulation are indicated in order to allow the comparison of vehicle data. The homologation values of CO₂ and fuel consumption may not reflect the actual values of CO₂ and fuel consumption, which depend on

many factors related, by way of example but not limited to applicable legislation at the weather and road conditions, the condition, use and equipment of the vehicle.

The indicated value of CO₂ and fuel consumption are not definitive and may evolve as a result of changes in the production cycle; more up-to-date values of CO₂ and fuel consumption are relevant for the purposes of calculating taxes and duties related to the vehicle. In cases where the values of CO₂ and fuel consumption are relevant for the purposes of calculating taxes and duties related to the vehicle, reference should be made to the applicable laws in each country.
